Raining Berries Coming to USF Area

Bringing the Best to the Brightest

Lutz, FL - Raining Berries to bring its premium açai bowls, fair trade coffee, smoothies, and artisanal teas to new locations across the Tampa Bay Area.

At Raining Berries, we pride ourselves on commitment, passion, and hard work. Though it can be challenging, the community, lessons, and rewards that come with owning a business can be life-changing. With this in mind, we are thrilled to announce the sale of the USF Area Territory to the Clementson family.

With their investment, Ian and Lucy Clementson are set to bring Raining Berries to the USF, Florida area. Ian, a Senior Master Sergeant and Superintendent of The Health Service Management Section in one of the Air Force air reserve components, and Lucy, who works as a Strategic Program Manager for one of the world's largest staffing companies, make an incredible duo. The drive and success they've shown in their respective industries make them the best people to join the Raining Berries family. We are excited about their journey and can't wait to bring the joy of Raining Berries to more people across Central Florida.

Our philosophy is simple: Real People, Real Coffee, Real Life. Founder and CEO Bimal Bhojani started this project in 2018, and his goal of working on good things with good people is coming to fruition. We want each of our franchisees to feel confident in their business, so we worked tirelessly to create the infrastructure for them to thrive. We are honored to be receiving interest from across Florida and currently have multiple additional locations under consideration. We are delighted to expand our business and work alongside dedicated people such as the Clementson's who share the same heart and mission.
